

MA SU THINGYAN

OBJECTIVE

Aim to be associated with a progressive organization that gives me scope to update my knowledge and enhance skills in accordance with latest trends and be a part of team that dynamically works towards the growth of self and the organization. Parents can no longer afford the course fees. I entered the IT field in 2021 and learned PHP at the code lab. Next, I continued to study from YouTube channels and wrote projects by taking references from YouTube projects. In November 2022, I completed a 3-month internship at Host Myanmar (Yangon). Later, I continued studying and coding.
